consultancy.

lite version.

We create organisation-wide awareness, understanding and acceptance of neurodivergence.

We give managers the knowledge and skillset to confidently drive neuroinclusive practice.

We provide neurodivergent employees with a user-friendly toolkit to remove workplace barriers.

***we achieve this through
delivering the following services:***

neuroinclusion training [3 options]

workplace strategy coaching

neuroinclusion audit

AI nclusion workshop

bespoke project work

our services.

neuroinclusion training.

in-person and virtual training available.

the challenge.

Most training explains what neurodiversity is, but fails to provide actionable steps that can be implemented.

the solution.

A clear neuroinclusion framework that can be used immediately. We offer three training options.

neuro90.

Foundational neuroinclusion training that everyone in your organisation needs.

90-minutes [1.5 hours] | from £299
max attendees: 50 in-person | 50 virtual

neuro210.

Designed for managers and team leaders who support neurodivergent staff.

210-minutes [3.5 hours] | from £649
max attendees: 25 in-person | 50 virtual

neuro420.

Designed for HR and EDI teams looking to drive organisation-wide neuroinclusive change.

420-minutes [7 hours] | from £1049
max attendees: 20 in-person only

our services.

workplace strategy coaching.

the challenge.

Neurodivergent staff often struggle with neurotypical workplace systems, leading to reduced wellbeing and performance.

the solution.

A safe space for individuals to understand their neurodivergence and to build systems that work with, not against it.

in-person or virtual | 90-minute sessions
5 sessions £699 | 10 sessions £1249

neuroinclusion audit.

the challenge.

Organisations waste significant time, energy, and budget reacting to the symptoms of non-inclusivity, without ever addressing the root causes.

the solution.

A robust audit across six core operational areas that will identify and eliminate non-inclusive design and practice.

in-person and virtual | typically 2–4 weeks | from £749

our services.

AI inclusion workshop.

the challenge.

You know that AI tools offer massive potential, but most of your team are using it as an advanced search engine.

the solution.

We show you how to eliminate built-in AI bias, create neuroinclusive prompts and ensure all your output aligns with neuroinclusive best practice.

in-person or virtual | 3.5 hours
max attendees: 10 | from £849

bespoke project work.

the challenge.

Off-the-shelf neuroinclusion training doesn't fit your complex organisational structure.

the solution.

We help you identify barriers and develop a tailored solution, embedding neuroinclusion into your organisation's DNA.

format, duration and cost agreed per project
